Once you have brought your property(s) into fire abatement compliance, you are required to notify the RHHA office in writing by using this enclosed Fire Abatement Completion Notice. You may return this notice to RHHA office in person, by U.S. mail or email. Upon receipt, your property will be re-inspected by the RHHA Fire Inspector or RHHA authorized representative. This is to ensure that your property has been brought into compliance or advise you of any outstanding fire hazard violations that still need to be abated.
